AN INVESTMENT IN THE FUTURE

East Harbour and Quayside just a 15 minute drive from The Manderley Condominiums

EAST HARBOUR:

East Harbour is a 60-acre master planned mixed-use development. This development will employ over 50,000 people across 12-million square feet of new office space, retail and institutional developments. East Harbour is set to be approximately 6 times larger than the Toronto Eaton Centre.

A new multi-modal transit hub will also be built onsite. This major transit hub will connect both local and regional transit connections with GO Train lines, streetcar/LRT lines, and the future Relief Line Subway all intersecting at this location.

QUAYSIDE:

Waterfront Toronto is looking to revitalize Quayside, which is a 12-acre parcel of land, located in the midst of growing and upcoming neighbourhoods in the West Don Lands, East Bayfront, and the Port Lands. This expansive development not only has the potential to create communities, but also job opportunities which will be located approximately 15 minutes from The Manderley Condominiums.

Revitalization of Kingston Road

GROWING DEMAND Kingston Road is one of Toronto's original main streets and an important avenue. There are two main factors driving growth in the Birch Cliff neighbourhood: Increasing demand, and rezoning along Kingston Road.

First-time homebuyers, families and downsizers are moving to Birch Cliff to be closer to nature and the Lake, affordability, and proximity to downtown - about 20 minutes. Furthermore, the overflow of demand from the beaches is driving increasing demand for the adjacent Birch Cliff community.

REZONING

The City is advancing policy changes that included permissions on a wider range of land uses, density, bicycle infrastructure and Section 37 investment into community benefits. This includes open spaces that reflect the arts, cultural and heritage attributes of Birch Cliff, and supporting community facilities.

With developments underway and proposals in the pipeline, new and modern facades are being constructed along Kingston Road. This signifies gentrification in the Birch Cliff neighbourhood.

Waterfront Revitalization

The Port Lands site is undergoing a transformation to 715-acres for revitalization that will include new parkland, wetlands, and commercial space.

By 2024 the course of the Don River will be dug through a 1-km portion of the site, which will create a river valley, and a new island "Villiers Island" that will provide housing and economic opportunities for thousands.

Other new communities in the Port Lands include Polson Quay, South River and the Film Studio District, which could accommodate commercial space for 25,000 - 30,000 jobs.

SCARBOROUGH WATERFRONT PROJECT

The Bluffs is one of Toronto's natural heritage landmarks, and a recognizable feature of the Lake Ontario shoreline. The waterfront project will stretch 11-km, from East Point Park to west of Bluffer's Park. The project will revitalize the waterfront, create greenspaces along the Lake Ontario shoreline, enhance terrestrial and aquatic habitat, and increase public access to natural heritage by providing a safe and enjoyable waterfront experience.

The Team

Developer //

Nova Ridge Development Partners Inc.

Nova Ridge is an experienced developer of condominiums in the Greater Toronto Area, bringing quality product to end users of real estate. The team is committed to ensuring a high standard of professionalism and customer care throughout the development process.

Nova Ridge is a design-oriented developer, focused on delivering sustainable quality product with unique architecture at affordable prices. Project teams are assembled with a focus on experience and innovation. High standards are set to make each development a landmark of its community.

Our experienced management team is familiar with all aspects of condominium projects. Every member of the team has an equal commitment to ensure that each project delivers the highest levels of quality to purchasers and end users.

Architect //

IBI Group

IBI Group is a global firm of architects, engineers, designers and technology professionals who create vibrant, livable and sustainable urban environments. IBI Group Architects are recognized leaders in residential, hospitality, retail and mixed-use design. Under the leadership of Design Principal and Global Director of Buildings, Mansoor Kazerouni, the firm has recently completed award winning projects as the Delta flagship hotel in downtown Toronto and L'Avenue, a 50 storey mixed use project in Montreal, and 411 Church in Toronto, all recognized as landmark buildings. IBI has designed many of Toronto's exclusive high-end developments such as the Hazelton Hotel and Residences, Museum House and numerous other condominium developments across the GTA. The firm is currently working in major cities across Canada, the United States, the UK, Middle East and India.

Project Manager //

Wilkinson Construction

Founded in 1977 in Edmonton Alberta, Wilkinson Construction Services has been a trusted builder of residential, commercial, industrial and institutional projects in Central and Western Canada for over 40 years, working in Central Canada, Western Canada and the Canadian Arctic. Our vision is to serve our clients in a professional manner, applying our development and construction knowledge and skills to the building program so that projects are planned and constructed efficiently, performance of work is orderly, and quality of workmanship is uncompromised.

Legal //

Harris Sheaffer LLP

Recognized as one of Canada's top 5 boutique commercial real estate firms by Canadian Lawyer Magazine, Harris Sheaffer LLP specializes in structuring and completing complex real estate and land development transactions on behalf of many of Canada's leading condominium developers.
